

Winter Break Fun & Christmas Tree Toss!

December 26th-29th

Zoo Hours: Sat & Sun 11a-3pm.

Join us for all sorts of Winter Fun! Experience the zoo in the winter! Bundle up the family and enjoy a day out at the ZOO.

Don't forget to bring your Christmas tree! Curious about what the animals do with their recycled trees? Come join us and see for yourself! They love dragging them, eating them, rubbing on them, tearing them up, and much more! Great Fun and Enrichment for both animal and human kind!

For many families, bringing in a live Christmas tree is a tradition. But In just a few days from now, you will want it out of the house and even out of the yard.

North Georgia Zoo will be taking in recycle trees and using them as tasty treats and toys for their zoo animals.

IMPORTANT NOTES BEFORE DROPPING OFF YOUR TREE!

We can only recycle natural trees. NO trees that have been sprayed, treated with chemicals. We cannot recycle trees with tinsel or other decorations left on. No artificial trees, only live trees without decorations, tinsel or other man-made materials. Green trees only, no decaying, brown or old trees. Please drop off trees ONLY DURING REGULAR BUSINESS HOURS at the designated drop off points. Help us make this a success. Remember these trees will be used for animals as food, treats and enrichment for the animals. Give them a happy and healthy holiday treat!
