Add on:

Pictures: \$50 (Photos only taken during animal meet & greets)

OUR MISSION:

The mission of Creation Encounters Camp is to provide a Christ centered hands on learning experience through animal interaction.

PROGRAM HIGHLIGHTS:

- Roughing it with the animals, a chance to spend time in nature away from the distraction of technology. This includes everything from camping in tents, to direct interaction with the animals.
- Animal Education, learn all about animals from around the world. Learn about animal diet, vet care, and enrichment for the animals at the zoo.
- Ages 12-16, because of the limited age range, the campers get a unique opportunity to grow together and form lifelong friends. Exceptions can be made for campers a year younger or older than the age range.
- Spiritual Growth, spend 4 days interacting with the animals God created and therefore growing closer to Him. Not only do you participate in daily Vespers, a sunset evening prayer service, but also have opportunities in servant leadership and camp devotions.
- Your camp staff is dedicated to providing a wholesome camp experience. The campers grow spiritually, cognitively, physically and socially.

CREATURES and CREATION:

We are going to be getting down and dirty in this unique animal adventure. We will be learning all about God's creation through camp songs, daily interaction with animals and other off site adventures.

The focus of this camp is to give teens a chance to interact with God's Creation in a new and unique manner. They will get to experience what it is like to be a Zookeeper and a part of the North Georgia Zoo/ Wildlife Wonders family. This includes shadowing zookeepers, going on programs, meeting some amazing animals, helping with training and feeding, and of course there will be playtime with both animals and staff. We want the campers to have an amazing experience interacting with God's creation in a whole new way!

If you have any questions, please check out our FAQ sheet. Applications can be downloaded from the website: www.myfavoritezoo.com under Zoo Camp
